REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: In view of the claim amendments to claims 1, 36 and 37 and Applicant's arguments filed June 3, 2010, independent claims 1, 36 and 37 are allowable over the prior art of record. Regarding the previous rejection over Kaneko et al. in view of Poindexter et al., all claims have been amended to recite that the single image detector detects an autofluorescence image having blue, green and red light components. The embodiment relied upon in Kaneko et al. (Fig.51) discloses a RGB color filter wheel (918) which indicates that the image detector (902) is a monochromatic image detector. Thus, in the Kaneko et al. device, during the time period in which an autofluorescence image is being obtained, such image will not have all of blue, green and red light components, as with a color image sensor. Although Palcic et al. implies use of a color image sensor (col.9, lines 37-43) and that the excitation light and reference light is transmitted by a common optical path, claim 37 (which is the only independent claim previously rejected over Palcic et al.) also recites that the optical combiner delivers "combined light" to the tissue. Since the embodiment in Palcic et al. that includes the single color image sensor (Fig.5) relies on transmission of sequential excitation and reference light, Palcic et al. fails to explicitly meet all elements of claim 37. Therefore, since none of the prior art of record explicitly teach or fairly suggest, alone or in combination, the combinations as now recited in claims 1, 36 and 37, all claims are being allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John P. Leubecker whose telephone number is (571) 272-4769. The examiner can normally be reached on Monday through Friday, 6:00 AM to 2:30 PM.
